Dirty Santa? He's got nothing on me.

Stuff the stress by stuffing their stockings.

Leave requests? Personal complaints? Broken records (and dishwashers)? There's only one thing left to do: tell your team to get franked. Literally. My kits are made to be gifted to keep your staff happy during this silly stressful season. For less stress, more savings. Win-win.

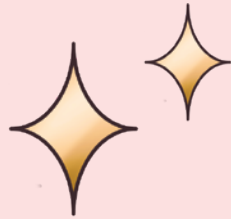

Who the frank am I?

I'm the guy who gets dirty with babes. I've scrubbed over 5 million. Now, I want to get dirty with your staff. I'm natural, cruelty-free, Aussie-made, coffee-based skincare. A mouthful, huh? How about a handful?

That's all you need for smooth & hydrated skin, boosted collagen production, reduced breakouts, eczema, psoriasis, stretch marks, and cellulite. Can your boss do all of that?

I don't have elves. I have babes.
