# Dirty Santa? He's got nothing on me.

Stuff the stress by stuffing their stockings.

Leave requests? Personal complaints? Broken records (and dishwashers)? There's only one thing left to do: tell your team to get franked. Literally. My kits are made to be gifted to keep your staff happy during this silly stressful season. For less stress, more savings. Win-win.

Who the frank am I?

I'm the guy who gets dirty with babes. I've scrubbed over 5 million. Now, I want to get dirty with your staff. I'm natural, cruelty-free, Aussie-made, coffee-based skincare. A mouthful, huh? How about a handful?

That's all you need for smooth & hydrated skin, boosted collagen production, reduced breakouts, eczema, psoriasis, stretch marks, and cellulite. Can your boss do all of that?

I don't have elves. I have babes.

What made me famous.

ORIGINAL  
COFFEE SCRUB  
£12.95

Three coffees before midday? My Original Coffee Scrub will wake your staff up on the outside too: it's the scrub that made me famous. With coffee grinds, cold pressed sweet almond oil, vitamin E, and sea salt to scrub tired or wired skin.

COCONUT  
COFFEE SCRUB  
£13.95

When they need an island vacation, but they've used up all their leave. Nut-free for sensitive skin, with coconut oil and jojoba beads for a year-round vacation glow.

BIRTHDAY CAKE  
SCRUB  
£14.95

Another sweet treat expensed to the company? Birthday, half-birthday, or Tuesday afternoon: any excuse will do. More sugary than my other scrubs, just as tough on dry, bumpy bits.
