# Dirty santa? He's got nothing on me.

**Stuff the stress by stuffing their stockings.**

Leave requests? Personal complaints? Broken records (and dishwashers)? There's only one thing left to do: tell your team to get franked. Literally. My kits are conveniently made to be gifted to keep your staff happy during this silly stressful season. For less stress, more savings. Win-win.

**Who the frank am I?**

I'm the guy who gets dirty with babes. I've scrubbed over 5 million. Now, I want to get dirty with your staff. I'm natural, cruelty-free, Aussie-made, coffee-based skincare. A mouthful, huh? How about a handful?

That's all you need for smooth & hydrated skin, boosted collagen production, reduced breakouts, eczema, psoriasis, stretch marks, and cellulite. Can your boss do all of that?

**I don't have elves. I have babes.
